Profile

Experienced Web Developer adept in all stages of advanced web development.

I m seriously focused on IT technologies and everything related to this industry. Everything almost 85% i learned by myself and i love it! Got already confident knowledge of HTML, CSS (SCSS)(adaptive layout), Bootstrap, Tailwind, Ant design, Material UI. Javascript, jQuery, PHP, React, Typescript, Redux, MobX, Redux Saga, Jest. Also have experiences of Wordpress Dev as well.
I am full of desire to learn and achieve heights in this direction further in my life

Employment History

Frontend Developer, ForteGroup

Mar 2021 — Mar 2024   Minsk

Working with the front-end (React, Redux, TS) and back parts of the site (PHP, Laravel). Creation of additional functionality, optimization of user interface performance, expansion of the admin panel, сreation of plugins, development of pages and components. Interaction with the Salesforce, HubSpot team - connecting various integrations via service APIs, REST API. Also creating content-landing pages using Guttenberg and Elementor editors.

Frontend Developer

Feb 2021 — Apr 2022   Minsk

I had some experience working as freelancer for during a year. I was focused more as UI developer, than creating business logic
